

JACKPOT SOLAR LOAN

21-Year Loans

Hit the Jackpot with low monthly payments!

ezSolarLoan is a national finance platform powered by Community 1st Credit Union, one of the longest running credit unions in the country. We partner with local installers to offer an effective monthly payment method for energy efficient and solar energy home improvements.

What is the Jackpot Solar Loan?

With the Jackpot Solar Loan, you win by controlling your monthly cash flow. Offering low monthly payments, the Jackpot Solar Loan re-amortizes (recalculates the monthly payments) every seven years based on your paid down principal and capped future interest rate. The more you pay it down, the lower your payment goes!

The 21-Year Jackpot Solar Loan Offers:

- Fast easy application process
- 100% financing available, including installation costs
- Instant approvals available up to \$50k
- Max loan amounts up to \$80k
- Interest rates as low as 11.74%
- Three 7-year terms, with automatic re-amortizations between
- Possible rate increases between terms, each capped at 2.5 percentage points
- No penalty for early repayment

No loan fees, great rates, personal service.
Apply online at www.ezsolarloan.com.

Questions? Call 800-493-1310 or
email applications@ezsolarloan.com.

Loan decisions are typically made and communicated within 1 business day after a complete application. Membership in Community 1st Credit Union required. All are eligible to join. All loans subject to credit approval. Rate and dollar amounts based on term and credit history. May be secured by UCC fixture filing, which is a lien against the subject equipment. Borrowers are responsible for all third-party costs. Rates shown above include a 0.25% discount applied for automatic payments. Program details and rates may change at any time without notice.
