

Welcome to **ezSolarLoan**
Solar Loans Made EASY

How It Works

Get started with your solar home improvement project in these six easy steps.

- 1 Select a solar installer. Choose a vendor you want to work with.
- 2 Apply for a loan. Apply for financing anytime, before or after you receive your contractor's bid.
- 3 Get approved. We provide most loan decisions within a few hours.
- 4 E-Sign Documents. Electronic documents sent to your email address.
- 5 Start Installation. We'll advance funds directly to your installer, per the terms of the contract.
- 6 Enjoy your system! Sign a certificate of completion and we'll send any remaining funds due to your installer. Done!

We Know Solar

The ezSolarloan lending platform is brought to you by Harborstone Credit Union. We've been helping people "go solar" since 2012.

With our seamless online application and fast approval process, you won't need to jump through lots of hoops. Many loans can be approved instantly to get you started right away.

No Fees

No origination fees and no penalties for early repayment.

Questions? Contact the Energy Lending Team at
800-493-1310 or
applications@ezsolarloan.com.

Save money. Save time. Save the planet.

We'll finance your entire solar loan project, starting with a painless and quick online application process. With our wide selection of loan options, we have the right financing solution for your solar project!

When you finance your solar system with us, you're not just a customer. You become a member-owner of a cooperative, local, not-for-profit financial institution.

No out-of-pocket costs or fees
100% financing
